Introduction

We wish to introduce ourselves-MM MACHINE WORKS, as an **ISO 9001:2015** certified company, established in the year 2000. Drawing from the depth of the knowledge we had made this company committed to deliver and maintain the highest standard in every sector it is engaged in. The company is started with **Machining ,Assembly, and Supply of Valve Components and Industrial Valve and Welding Machine and Cutting System & Hard Facing, Tic, Mig Welding job Work** Later with immense experience we started manufacturing to meet out the customer requirements.

We have taken an outstanding brand name in providing quality range of high tech Plasma Welding Machines, Positioners, PTA Torch Nozzles, Auto Weld Products, Sub-Arc Welding Machines to our esteemed customers.

We are one of the pioneers in south India and our Machines are very much competitive in the market comparatively and we have delivered the best in quality.

We have also equipped with in house design and manufacture these machines. Our different range of products are demanded widely by clients in various sectors like Valve industry, Automobile industry, Fasteners Manufacturers and for Fabrication works, etc.,

We are supplying fully finished components like MS Hand Wheel, MS end cover, Storage bins, Pallets, custom made facilities for valves industry.

We are also registered under Tamil Nadu General Sales Tax Rules 1959 and Central Sales Tax Registration (Regn & Turnover) Rules, 1957.

GST No.33BDHPS9667L1ZO Dt. 12/2/2009 ,01.07.2017

CST No. 970879 Dt. 12/2/2009

Kindly request your good selves to register our firm as your Subcontract / Vendor and request to send your valuable enquiries and Orders to us.

Eagerly awaiting for your association and assuring our best & prompt services always.

The facilities details are given below.

A. Machineries:

1. Churchill Rotary Surface Grinder 600	:	1 No
2. Churchill Rotary Surface Grinder 300	:	1 No
3. Plasma welding with 1000 kg tilting positioner	:	1 No
4. Plasma welding with 500 kg tilting positioner	:	1 No
5. Plasma welding with 500 kg tilting positioner	:	1 No
6. Plasma welding with 300 kg tilting positioner	:	1 No
7. Plasma CNC Laser cutting Machine	:	1 No
8. MIG welding with 1000 kg tilting positioner	:	1 No
9. MIG welding with 500 kg tilting positioner	:	1 No
10. MIG welding with 400 kg tilting positioner	:	1 No
11. MIG welding with 200 kg tilting positioner	:	1 No
12. 250 Kg Welding positioner	:	1 No.
13. 200. Amps MIG welding machine	:	2 No's.
14. VTL Machine Table dia 1200mm	:	1 No
15. Lathe - 300 mm swing	:	3 Nos.
16. Lathe - 500 mm swing	:	6 Nos.
17. Lathe – 1000 mm swing	:	1 Nos.
18. Batlibai Radial Drilling Machine 40mm capacity	:	1 No
19. Efco Pillar Drilling machine	:	1 No
20. 6 Station Test Stand	:	3 No
21. 1000 kg Furnace	:	1 No
22. Chicago Pneumatic Screw compressor.CPA-15	:	1 No
23. VMC Machine (X-700 X Y-600) Height – 500	:	1 No

B. Instruments:

1. Surface Table 600 X 600 mm	:	1 No
2. 600 mm Height Gauge	:	1 No
3. Micro meter (0 - 25mm)	:	2 No
4. Vernier Caliper	:	3 No
5. Portable Hardness test machine	:	1 No
6. Hardness tester	:	1 No
7. Temperate Gauge	:	1 No
8. Tekno meter	:	1 No
9. Chemical Testing Lab	:
